

# PAINTING WITH FILM

## Avery Dennison® Workshops Facade Film

Everything you need to master the tricks of the trade

More than 15 years of experience make Avery Dennison a great choice for graphics training. We've put together a broad range of intensive, practical – and entertaining – workshops. They can help anyone involved in the design, production or application of Avery Dennison Facade Film.

### KEY FEATURES

- > Most elaborate architectural workshop available
- > Multiple options – for different experience levels
- > Fully audited and certified trainers, who work independently as professional graphics applicators
- > Available across Europe in several languages
- > State of the art training locations and professional application tools
- > A great balance of theory/hands-on practice
- > Training includes Specialist Facadefilm Installer exam

### KEY BENEFITS

- > Build real confidence delivering high quality graphics
- > Gain hands-on experience and a good understanding of application techniques
- > Fun, challenging and relaxed – with personal help to master tricks of the trade
- > Learn all aspects related to “wrapping a building”
- > From preparation and calculation to maintenance and inventarisation
- > Meet other professionals to exchange ideas and experiences

### OTHER TRAINING PROGRAMMES

You can also learn via the online Avery Dennison Academy (with free 'how-to' videos and background theory modules), or embark upon our Specialist Installer program.

**OVERVIEW OF WORKSHOPS**

<p><b>PAINTING WITH FILM 1</b> 1 day - Introductory level</p> <p>Basic theory and hands on training for the installer/painter.</p> <p>This training provides an introduction to the world of Facade Film - an adhesive film especially developed for the renovation and restyling of building exteriors. Specially for panels, claddings and window frames made from plastic, aluminum, HPL and steel building materials. During the training you will learn the advantages of film versus paint, how to prepare various surfaces, and practice the techniques of film application onto panels and frames.</p>	<p><b>PAINTING WITH FILM 2</b> 1 day - Master level</p> <p>Sequel to "Painting with Film 1" <b>INCLUDES SFI CERTIFICATION EXAM</b></p> <p>This training is for technicians who wish to become part of the Avery Dennison Specialist Facade Installer network (SFI) - enabling collaborate on projects where Avery Dennison Platinum Warranty is required. In the morning, important information is shared about recognizing and treating various substrates and coatings. In the afternoon a theoretical and practical certification test will be held to test the applicant's knowledge and skill set. (SFI). Avery Dennison will provide basic tools and cleaners, but participants are recommended to bring their own tools. All results will be sent to the participant within 1-3 days after completion of the certification exam.</p>	<p><b>CALCULATING WITH FILM</b> 1 day - Manager level</p> <p>How to approach a Facade Film project. For managers and sales staff.</p> <p>"A must for managers or sales staff stepping into the world of Facade Film application or projects. Facade Film is specially developed for the renovation and restyling of building exteriors - specially for panels, claddings and window frames made from plastic, aluminum, HPL and steel building materials. A lucrative new market area with many opportunities for sign facade renovation companies, painters, architects and project developers. Discussed in this module - the potential of film in architecture, project approach, calculating, inventory of buildings, how to avoid risks, Avery Dennison Platinum warranty, and lots of practical tips."</p>
<ul style="list-style-type: none"> <li>&gt; No background or experience required.</li> <li>&gt; Suitable for signmakers, painters, and others who are interested in applying Avery Dennison Facade Film</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Training "Painting with Film!" required.</li> </ul>	<ul style="list-style-type: none"> <li>&gt; No background or experience required.</li> <li>&gt; Suitable for sales and marketeers. (Sign makers, facade renovation companies, painters, architects, property developers).</li> </ul>
